Second Church Deacons Get Fund

Sum of \$7,766.64 in Chelsea Savings Bank has Accumu-
lated from Insurance Money—Other Decisions by
Judge Case.

Judge Case has handed down several
decisions to Clerk Parsons of the su-
perior court, and in the suit of the
Chelsea Savings bank vs. Edmund A.
Prentice et al., a friendly suit brought
for the purpose of getting the legal
right to turn over a deposit at the
bank, has found in favor of the de-
fendant, and that the deacons of the
Second Congregational church can
draw the deposit, amounting to \$7,766.
64. The defendants are the deacons of
the Second church.

In 1871, the chapel of the church, on
Mt. Pleasant street, burned, and the
insurance money, \$1,385.50, was depos-
ited in the Chelsea Savings bank, where
it has remained undisturbed, ever
since. The deacons when the amount
was deposited were William Williams,
George C. Smith, Dan Huntington, and
Charles Spaulding. The present dea-
cons were not sure whether they had
the right to draw it and went to the
court, upon legal advice, and found

that they could, according to the de-
cision just given.

The land on Mt. Pleasant street had
been given for the chapel to be erected
but after it burned and the de-
cision reached that it would not be
rebuilt, the land reverted to the giver,
and the money from the insurance was
the original deposit. The matter of
using the fund was brought up this
year at the annual church and soci-
ety's meetings, and when it had pre-
viously been considered, this was the
first time any steps were taken. The
chapel stood where is now located the
present Grace Memorial Baptist church,
which had previously been a chapel
of the Trinity Episcopal church.

The motion to amend the verdict
for \$500 in the case of P. L. Harrington
vs. A. E. Downing et al., was de-
nied. A demurrer in the case of R. Weber
vs. E. A. Gatter, is sustained.

EAST SIDE ITEMS.
Pride in Float from School of This
District—Personal Notes.

James Galligan of New Haven has
been the guest of his brother, John
Galligan, Main street, this week.

Electrical decorations for the cele-
bration which rivalled those seen at
any private house in the city were
shown by Charles V. Engler and
Stephen J. Keough of Hamilton av-
enue and Everett J. Whitmarsh of Main
street.

The residents of the East Side should
be proud of the school float that came
out of the Ocean is made from pure
cedar and is a handsome float in
line, and a vote of thanks should be
given John Walls, who was the insti-
gator of the float, and called the first
meeting in his blacksmith shop, and
through whose untiring efforts it ma-
terialized. Mrs. William French should
come in for a share of the praise, also
the ladies who so ably assisted her in
making the float, for without them the
float would not have been a success.
She certainly is an expert in the art of
making artificial flowers and carried
out the float in perfection—Rose of
New England.

Booming at Camp.
Physical Director George P. Pock-
ham and Warren Wiley were up from
Camp M. C. A. Junior camp at Groton
last Friday, in the camp power boat.
They reported everything booming at
the camp, and prospects for two very
enjoyable weeks for the squad of older
boys who are taking their turn there.

If people with symptoms of kidney
or bladder trouble could realize their
dinner they would without loss of time
commence taking Foley's Kidney Rem-
edy. This great remedy stops the pain
and the irregularities strengthens and
builds up the entire system, and there
is no danger of Bright's disease or other
serious disorder. Do not disregard the
early symptoms. Lee & Osgood
